Classes Offered and Descriptions

INTRODUCTION TO DANCE - 3-4 years old (*Dancer must be the noted ages starting July 1st through the entire season of dance*) - Dancers are introduced to the basic skills of ballet and jazz. This class focuses on developing balance, coordination and body awareness through fun filled center and across the floor exercises.

COMBINATION - Ballet/Jazz/Tap 5-7 years old (*Dancer must be the noted ages starting July 1st through the entire season of dance*) - Students will be challenged at the barre and with across the floor combinations which will help strengthen their technique, rhythm and musicality. Students work on floor exercises that incorporate jazz, ballet and tap technique.

Juniors Through Teens

Dancers starting single classes, must be 8 years old and up (Dancers must be 8 years old by July 1st). While age is taken into consideration, ability is carefully evaluated for placement in junior and teen classes. See level details.

JAZZ - Multiple levels offered - Dancers work on flexibility and core strength to be able to execute jazz skills properly. In class dancers work on placement and body alignment, Body isolations, leaps and turns are taught at each level. Classes are progressive and aim to tap into each student's potential as their dance skills are strengthened and new challenges are introduced appropriate for each level. Execution of choreography is taught to be delivered technically sound with strength and power.

TAP - Multiple levels offered - At all levels we focus on exercises to develop and maintain proper technique, precision and strong rhythmic skills. Dancers build their ankle and foot strength as they practice skills across the floor. Dancers work on basic sounds and continue to be challenged in order to build the ability to create accurate, clean sounds that properly match the rhythms and beats of music.

BALLET - Multiple levels offered - Essential class for all dancers. Students will work at the barre and across the floor with an emphasis on body alignment, turn out and developing core strength. Ballet technique is recommended as the core class to be taken in conjunction with other styles of dance. Ballet knowledge will facilitate the execution of all other dance styles since the fundamentals of dance begin with ballet technique. NOT A RECITAL CLASS.

LYRICAL/CONTEMPORARY - Multiple levels offered - Dancers incorporate ballet and jazz technique. This style of dance is based on free flowing and/or distinctly sharp or rigid corporal movement and danced to traditional and contemporary music. The corporal movement is such to interpret and tell the story that provokes different emotions.

HIP HOP - Multiple levels offered - This is a high energy class with "Street" dance flavor. Popular in music videos. Hip Hop dancers are known for their baggie clothing, fierce attitude and low approach to dancing. Body isolations are typical in hip hop, side to side sharp and rapid movement, quick shifts of weight and precise arm motions makes for intense, energetic, hard hitting, yet smooth style of dancing.

ACROBATICS/TUMBLING - Multiple levels offered - This class is designed to combine basic to advanced tumbling and dance skills. Students will learn forward rolls, handstands, cartwheels, roundoffs, back handsprings, aerials, back tucks and more as they progress at their own pace. It will also focus on improving strength, flexibility, agility and physical control.

CHEER DANCE - Students are taught tumbling and proper Pom motions. The motions are taught to be delivered with intensity and precision while combining dance movements to the choreography.

BREAKDANCING FOR BOYS - This class combines breakdance footwork, fancy floor maneuvers and "tricks". Dancers will also use tumbling tricks to embellish their break dance moves. We recommend break dancers take the acro class in addition to master the handstand and tucks that break dancers often highlight.

PRIVATE LESSONS - Private lessons are offered to dancers upon request.

COMPETITION TEAM - by invitation and audition required. We offer two tiers of competitive teams, Recreational and Competitive. Each with its own training requirements, Regional and National participation.

Leap Into Our Cool Summer Fun!

SUMMER DANCIN' FUN - We offer summer camps and classes for all ages.

SUMMER BOOT CAMP - A three day intensive that offers multiple opportunities to dance with top choreographers and working dancers in the industry. The experience includes a trip to NYC or Philadelphia, as well as a Broadway play that includes a class with a cast member from the play.

ALL LEVELS - AL

Dancers are promoted to the next level based on their mastery of the skills outlined in our syllabus. It is the usual practice for dancers to remain in a level for several years (minimum 2 up to 3 years). Our program is progressive and is designed to reinforce dance fundamentals throughout the dancer's entire training experience.
